Final Wishes: A Cautionary Tale on Death, Dignity & Physician-Assisted Suicide Paul Chamberlain
Recipient of an Honourable Mention in the 2001 God Uses Ink Contest! Patrick is dying a slow, agonizing death. He wants his friend, Dr. Ron Grey, to help him--but not to get better. Instead, Patrick wants Ron to help him end his suffering by ending his life. This is the premise of a story that Paul Chamberlain employs to reveal the ethical and emotional complexities of a movement that is gaining supporters daily. It is a story that sends Ron Grey on a difficult journey across a continent and through a minefield of conflicting ideas and values. Should people have a legal right to choose the time of their death? Can adequate safeguards be employed to protect the public from potential abuses of physician-assisted suicide laws? What does it mean for people to die with dignity? Will people feel an obligation not to burden their families with their prolonged illness? What has been the experience in the Netherlands, which has had a physician-assisted suicide law for over twenty-five years? What about the possibility of misdiagnosis? Is there a legitimate public interest in what appears to be a purely private act? Can morality be legislated at all? Paul Chamberlain considers all of these vital issues clearly and carefully. Yet as we move through the legal, political, medical and ethical questions, he also helps us to see the personal side of these topics played out in the context of a caring family and a deep friendship. Here is a timely and helpful book on one of the most controversial concerns of our day.
