The story behind Alibaba's incredible success is not only fascinating, it's truly inspiring—especially if you're a small business owner or ambitious entrepreneur who wants to increase sales, satisfy customers, and drive innovation in the e-commerce world. THE ALIBABA WAY will show you: \* How rural villagers with little experience—and even less resources—are lifting themselves out of poverty using Alibaba's online trading site, Taobao.com \* How small local businesses are growing into nationwide industries by adapting to the needs, preferences, and buying habits of Alibaba customers \* How online sellers are finding exciting new ways to “routinize” innovation by using the Alibaba platform to identify trends, customize services, and boost production \* How grassroots individuals can borrow money without a credit record or collateral; and make money by establishing a wealth management account Now available in America for the first time, the case studies and targeted essays in this eye-opening book reveal the greatest sales secrets of China's amazing online successes—secrets that can be used to grow your own small business into a sustainable, global powerhouse. It quickly became one of the fastest growing Internet companies in the world, with more than 10 million e-commerce participants and a digital ecosystem serving a hundred million consumers per day. In The Alibaba Way—the first full-length account of this e-commerce phenomenon—you'll go behind the scenes and inside the sites that drive seemingly ordinary online sellers to extraordinary levels of success. Their stories will provide you with not just a road map to riches, but an invaluable lesson in entrepreneurship. You'll learn how to: \* Unleash your entrepreneurial spirit and grow a grassroots empire

\* Make innovation a routine of your daily business operation

\* Use emerging technologies to expand your company across multiple markets

\* Tailor your online presence to meet changing customer's needs and habits

\* Increase your productivity by making your vendors more productive
