*What to Do When You're Dead*

is a fascinating dialogue

between the creator of the universe and a 46-year-old

woman who, in her life, has been to hell and back. Imagine

finding out that you may hold the secret to man's survival.

Imagine also learning for the first time why you were born and

that your work on earth is already recorded in the book of life.

It happened to Sondra Sneed, and you get a front row seat

to the life of a reluctant messenger bringing forth a message

that could save humankind . . . if humans are willing to listen.

What you are about to read will change the way you think

about your life. You will remember that you are a process of

God. And when you discover what you are, God discovers

you. You will find in this book the very reason you were born,

and why it is so important to find your place on that path.

This is not a touchy-feel-good spiritual guide as much as it is

an awakening with a warning about man's self destruction.

The warning comes with a unique responsibility however, and

that is to learn why death is not real, and that our experience

of crossing over to the other side is directly linked to our

state of mind while on earth before passing. Darkness must

be overcome, or the soul will remain trapped in the past and

attached to things of the world, rather than following spirit to  
the light of God.
