I Shall Not Die But, LIVE David Bolster

David was first diagnosed with stage 4 Non-Hodkins Lymphoma cancer in Oct. of 1988 and immediately under went three months of intense chemotherapy after which his oncologist said, "You're clean. The cancer has gone into remission. You are free to go live your life the way you always have." You would think that those would be wonderful words to live by, but not so! I would rather have him say, "Your clean. The cancer has gone into remission. And by the way, you need to change your lifestyle, because whatever it is you are doing, it's not working!" But, he didn't say that and two and a half years later the cancer was back with a vengeance.

Increased muscle wasting, night sweats and leg swelling were but a few of David's problems. Tests revealed a 4x7 inch lymphatic mass in his upper abdomen pressing against his vena cava. A Bone Marrow Transplant was recommended, but when the oncologist was asked if there were any other options, David was told, "Die! Without a Bone Marrow Transplant, you will Die!" After much prayer and soul searching David and his wife choose not to a bone marrow transplant, but instead, go with God and believe for a healing.

Ten months later David looked like he was nine months pregnant from the blockage of the lymphatic mass. Rushed to the emergence room of a noted California hospital the head of pathology told David, "You don't know how sick you are. If you don't have a will you'd better get one, because you have less than two weeks to live". From deep within David soul he looked the doctor right in the eyes and said, "I shall not die but live, because I'm covered by the blood of Jesus from the top of my head to the souls of my feet. Well, you won't believe what happens next and after that and after that. This is a true story of amazing courage, faith, hope and miracles. A must read for anyone dealing with cancer or any life problem that seems too overwhelming to handle. Let this book inspire and motivate you to 'Never Give Up!'
