Piece by Piece Teodora Kostova

Sometimes to reach the surface you have to fall to the bottom first...

For the past ten years, Riley Davis' life has been overshadowed by the tragic death of his partner. Fluctuating between alcohol induced daze, clinical depression and throwing all his time and effort into his business, Riley doesn't believe, or even hope, that his life will ever be worth living again.

Until Sonnie Frye drops by his haberdashery shop, changing his life forever.

Sonnie is a man who likes getting what he wants, when he wants it. He's worked hard to establish himself as Queen Victoria theatre's chief costume designer, collecting multiple awards – and high-profile clients – along the way. Sonnie is used to putting his needs, goals and desires first, unwilling to compromise his own happiness for anybody else.

Until he meets a handsome shop owner whose eyes are so sad that they immediately tug at Sonnie's heartstrings.

Seeing something he wants, Sonnie is determined to get under Riley's skin and, preferably, into his bed. But he soon discovers the task is not that easy. For the first time in his life, Sonnie may need to put someone else's needs before his own, and re-evaluate what really matters in life.

Will the two men stand side by side to overcome their differences, and everything else life throws at them? Or will it all become too much to bear, shaking them to their very core, destroying everything they've worked so hard to achieve?

Piece by Piece is a standalone novel.80 000 words

REVIEWS

I read Dance and Mask after Piece by Piece because I was so enthralled with this world Teodora created. Sonnie was breathtaking and by far a favorite character for me. His love was boundless and his patience with Riley? WOW! Just stunning to watch. I don't know I'd have that much of myself to give. Riley broke my heart. I wanted to shake him a million times but the ache is forever present. It's true what they say; only the power of love can lift you up from the darkness. This story, Sonny's and Riley's proves that wholeheartedly. Teodora has written an elegant and emotional story... not to mention hot! Always with the hotness. Yes, you can read this alone but I HIGHLY recommend you get this, Dance and Mask as well! ~ Diverse Reader

I absolutely loved this book. Unless you have felt the pain of loss at the level Riley has felt, you won't be able to understand why he has such a hard time letting go of the past. Kostova explained that pain and the suffering, the ins and outs, the whys and the fear of getting better because then you have to let it go so well and with such class that it gave me an insight into his character I usually wouldn't have in a story that wasn't as in depth into the pain. Definitely a must read!! ~ MM Good Book Reviews

I absolutely loved these two together and just how much Sonny truly cared for Riley. Their story isn't just about the smexy times and hot chemistry, although they are definitely hot together, is about the journey and

finding real love. There was just something so very beautiful about these two and it took my breath away.

I love the feels in this book and while many times it made me cry it absolutely captured my heart. Piece by Piece is not just a romance novel but a story of healing and love. I highly recommend this book, and series, to anyone looking for characters that truly touch your heart and soul. Teodora Kostova has become one a favorite of mine and I look forward to more from her. ~ The Geeky Book Review

From reader reviews:

Mohammed Thomas:

Hey guys, do you really want to find a new book to study? Maybe the book with the title Piece by Piece suitable to you? Typically the book was written by a well-known writer in this era. The actual book titled Piece by Piece is the main of several books that everyone reads now. This specific book was inspired a number of people in the world. When you read this book you will enter the new age that you never knew prior to. The author explained their thoughts in a simple way, and so all of people can easily be aware of the core of this e-book. This book will give you a wide range of information about this world now. So that you can see the representation of the world on this book.

Johnnie Lewis:

Exactly why? Because this Piece by Piece is an extraordinary book that the inside of the reserve is waiting for you to snap the item but later it will surprise you with the secret the item inside. Reading this book alongside it was a fantastic author who wrote the book in such a wonderful way that makes the content inside easier to understand, an entertaining technique but still conveys the meaning completely. So, it is good for you for not hesitating having this nowadays or you going to regret it. This phenomenal book will give you a lot of advantages than the other books possess such as help improving your expertise and your critical thinking approach. So, still want to delay having that book? If I were you I will go to the book store hurriedly.

James Drennan:

Do you have something that you prefer such as a book? The guide lovers usually prefer to choose books like comic, brief stories and the biggest example may be a novel. Now, why not hoping Piece by Piece that gives your pleasure preference will be satisfied simply by reading this book. Reading habit all over the world can be said as the method for people to know the world far better than how they react toward the world. It can't be claimed constantly that reading behavior is only for the geeky individual but for all of you who want to end up being a success person. So, for all of you who want to start examining as your good habit, you could pick Piece by Piece to become your own starter.

Roman Morris:

Are you kind of an occupied person, only have 10 or even 15 minutes in your morning to upgrade your mind skills or thinking skills perhaps analytical thinking? Then you are experiencing a problem with the book as compared to can't satisfy your short period of time to read it because all of this time you only find reserves that need more time to be read. Piece by Piece can be your answer because it can be read by a person who has those short extra time problems.
