A Signal Victory (Faber Finds) David Stacton

First published in 1960, *A Signal Victory* was David Stacton's eighth novel, and the first in what he envisaged as an 'American Triptych.' In this opening panel Stacton paints a vivid picture of the impact of two great civilisations upon each other.

Guerrero was a Spanish soldier, shipwrecked on the shores of Yucatan. Years later the Spaniards came as conquerors - but by this time Guerrero was a prince, had married a king's daughter, and would be a spearhead of resistance to the white-skinned invaders from the west. *A Signal Victory* is Guerrero's story - that of a man who found where his true loyalties lay, and pursued them to their inevitable end.

'A strange, outlandish, fearsomely intelligent novel: it has absorbed into its texture some of the hieratic society which it depicts with such brilliance.' *Telegraph*
