## **The Reign of Queen Victoria** Hector Bolitho

Queen Victoria remains one of the greatest figures in British history, not simply because of the tremendous position which she occupied for so long, but because she was in so many ways herself an extraordinary character.

From the day when as a young girl of eighteen she succeeded to the throne she showed that a constitutional monarch could still have a will of her own and that her words could make statesmen tremble.

In this classic biography Hector Bolitho analyses the phases of the Queen's life; her childhood and upbringing, her all too brief married life with Albert, the years of retirement behind the great walls of Windsor and the more remote fastnesses of Deeside.

Although Bolitho calls his book 'The Reign of Queen Victoria', his work is essentially a record of a remarkable woman and her husband, their personal lives and characters, rather than a political history of her reign.

It describes the childhood and youth of Victoria and Albert in alternate chapters so that the reader can see the two growing up side by side yet independently, and can trace the gradual evolution of their characters in isolation until they come together.

The expansion of the Prince's influence, first over the Queen, then on successive Cabinets and Prime Ministers, and finally on every aspect of the national life, is traced, and the importance of his reforming zeal is clearly brought out, particularly in its lasting influence on Victoria herself, which controlled to the end the more irrational elements of her character.

Praise for Hector Bolitho:

'Flowing and lively' – Cobden Sanderson on 'Albert, Prince Consort'

Hector Bolitho (1897-1974) was born in New Zealand but settled in Britain, where he wrote over fifty books and worked as a freelance journalist. His other books include 'Albert: Prince Consort' and 'A Penguin in the Eyrie'.

Endeavour Press is the UK's leading independent publisher of digital books.

#### **Sheila Searcy:**

That book can make you to feel relax. This particular book The Reign of Queen Victoria was bright colored and of course has pictures on the website. As we know that book The Reign of Queen Victoria has many kinds or type. Start from kids until teens. For example Naruto or Investigator Conan you can read and think you are the character on there. So , not at all of book are make you bored, any it offers you feel happy, fun and rest. Try to choose the best book for you personally and try to like reading that will.

#### **Irene Robertson:**

As a scholar exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some reserve, they are complained. Just tiny students that has reading's internal or real their pastime. They just do what the educator want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that studying is not important, boring along with can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this The Reign of Queen Victoria can make you sense more interested to read.
