British Victory in Egypt: The End of Napoleon's Conquest (Tauris Parke Paperbacks) Piers Mackesy

In 1800 the British army's reputation was in tatters, having experienced nothing but failure in wars across the world for forty years; at home, a divided cabinet had to face the problem of Egypt, which had been occupied by Napoleon's Army of the Orient since 1798. The task of ejecting France fell to a disparate band of soldiers led by Sir Ralph Abercromby which, against all the odds, defeated the French army on 21 March 1801, bringing Napoleon's Egyptian Campaign to a definitive and crushing end. Piers Mackesy vividly brings to life the events of the battle, revealing how Abercromby's brilliantly-executed strategy restored the honour of the British army and averted disaster for the Empire.
