Whilst the world works to forget what happened to the underground prison island of Sarandin Isle, it's demonic host remains. Whilst tales are set in motion beyond its reach, the inhabitants of the depths do not stand idle. From Warden to opportunist thief and simple explorer, many find themselves fall prey to its grasp and drawn down, beyond where the light shines.

This is one such man's story. The succubus to have captured him will put an end to his harsh words he has for her, taking control of his mind and even body to satisfy her desire, instead. Draining him down into little more than a sissy on his knees, the succubus before him will repurpose that masculine energy and show him just how deep it can go, with a little determination.
