British Battleships of World War Two: The Development and Technical History of the Royal Navy's Battleships and Battlecruisers from 1911 to 1946 Alan Raven, John Roberts

This lavishly-illustrated volume, first published in 1976 and back by popular demand, presents the full story of the design and construction of every British battleship and battlecruiser class that served in World War II—from the Queen Elizabeth class to the Vanguard. Noted authors Alan Raven and John Roberts include a comprehensive review of each ship's initial configuration and refits as well as developments in weapons, gunnery, fire control, radar, protection, and propulsion. There are also sections devoted to combat actions involving British battleships and comparisons with battleships of other navies. Six hundred photographs and illustrations, including sixteen fold-out pages, complement the authoritative history of the vessels. 436 pages. 300 photographs. 300 illustrations. Hardcover. 9 x 11 inches.
