In Isis' second volume, which records her modern communications to humanity, the Goddess of Light reveals ancient wisdom from the land of Khem; Ancient Egypt. The Isis Living Ascension Course continues as we venture into the final stages of the exciting journey, using heart-centred reality skills. Material to this is releasing and healing the subconscious programmes which limit us from living our lives as intended: as Angelic Human Beings on Earth. Having understood the repetitive difficulties while on the Wheel of Karma, we begin again, as if the first being on Earth. As part of our recovery we experience activations and alignments, and we develop new awareness. We choose to rise above the difficult energy fields of the lower dimensions, and we access the doorway to the higher dimensions. Once experiencing that ascended reality, life changes due to the high frequency Light presence all around us. It is the ability to shift into a higher dimension, while still physically alive on Earth, that is understood as humanity's greatest advancement. Living at this auspicious time, we realise we are here on Earth in accordance with our soul intent, and able to reconnect with the fullness of our true self. Isis' teachings continue to support us as we learn to recognise ourselves as soul beings having a human experience, with instructions about balancing our masculine-feminine energies within, advanced manifestation techniques, and the re-development of our psychic skills due to the opening of the Third Eye. As we awaken to our Light we shine, in ascension.
