Being an Electron (Bite-size Veils Book 1) Laurel Botsford

Our human minds are meant to explore. And so why not into the far reaches of outer space where much awaits our curiosity as well as far into the minuscule worlds of the amazing electron and its tiny buddies? Both far and small are unseen, yet contribute to all that we do see. And 'expansion' is how we experience both, and all else in-between. Reducing expands our consciousness into the tiny, very small.
