I seek to draw my inspiration here from the great occultist Andrew Chumbley and his Cultus Sabatii, incorporating elements of traditional or sabbatic witchcraft with western mystical doctrines such as the qabalah, as well as those Afro-Caribbean schools of esoteric thought known as Vodou and Santeria. That being said, many techniques here are indebted to the work of chaotes, but much of the wisdom precedes the occult movement in its current incarnation, and is only recently seeing itself become resolved. Two sections exist herein: Theorem, or the basic overview of the different types of magickal workings, and Praxis, being a type of syllabus by which the magician can train their self.
