## **Rethinking Corrections: Rehabilitation, Reentry, and Reintegration**

This text explores the challenges that convicted offenders face over the course of the rehabilitation, reentry, and reintegration process. Using an integrated, theoretical approach, each chapter is devoted to a corrections topic and incorporates original evidence-based concepts, research, and policy from experts in the field, and examines how correctional practices are being managed. Students are exposed to examples of both the successful attempts and the failures to reintegrate prisoners into the community, and they will be encouraged to consider how they can help influence future policy decisions as practitioners in the field.
