“Demons will always be around us and be there, whether you believe in them or not. They are here to stay on Earth, and here to spook us. They are like Satan’s children; they do as he says and what he says hurts us all.” Abuse They told me to sit under the blankets so we all could play together. Then it happened – I was only six years old. My life had been turned upside down. Both of them, eighteen years old and myself only six, they repeatedly raped me. In Satan’s Clutches My teachings of the occult were demanding and arduous, although I was taught much of their ways, the desire for wanting to know all there is got the better of me. My performance at school deteriorated. I was so drawn into the occult that I had completely forgotten everything around me, including my family and friends. Advice Do not even get started or dabble in the unknown. Do not think by any means that you can control it, because there is no way possible; it controls you. These unknown phenomenon and buried occults take such a twisted toll on your life and it is so difficult to break free once you have been caught up in Satan’s world. If a disciple, follower or worshipper of Satan turns his or her back on him or the coven, Satan or the coven members under the influence of the Devil will retaliate with tremendous force. This beast can force you into anything – taken control of your life and rob you of your soul. Warning! This is not a game, although some may believe so; it really is reality and extremely dangerous. You have to remember that you don’t use the power of Satan for your own benefit – he uses you for his benefit – then ultimately destroys you. There is always a price to pay – and, with Satanism and the occult, the price is your soul!
