Back Channel

Stephen L. Carter

Back Channel Stephen L. Carter

October 1962. The Soviet Union has smuggled missiles into Cuba. Kennedy and Khrushchev are in the midst of a military face-off that could lead to nuclear conflagration. The only way for the two leaders to negotiate safely is to open a “back channel” by way of a clandestine emissary.

The fate of the world rests unexpectedly on the shoulders of that emissary, nineteen-year-old Cornell sophomore Margo Jensen. Pursued by the hawks on both sides, and protected by nothing but her own ingenuity and courage, Margo is drawn ever more deeply into the crossfire as the clock ticks toward World War III.

Stephen L. Carter’s gripping novel *Back Channel* is a brilliant amalgam of fact and fiction—a suspenseful reimagining of the events that became the Cuban Missile Crisis.
