This delightfully simple parody delivers exactly what its title promises: 50 different shades of the color gray. From "Bachelor Bread" to "Hoarder Tub", this collection of gray scale samples has been tastefully presented in a timeless coffee table book, preserved for generations. It's not erotic fiction (unless, perhaps, you're from Belgium)... but it might make you fantasize\*. \*About re-painting the trim on your storage shed. The perfect gift for anyone who LOVES (or HATES) pop culture.
