Bert Hellinger

Del cielo que enferma y la tierra que sana: Caminos de experiencia religiosa (Spanish Edition) Bert Hellinger

La presente obra, reedición actualizada y en muchos aspectos abreviada de Religión, psicoterapia y cura de almas, documenta los esfuerzos de Bert Hellinger por encarar la cuestión religiosa de una forma nueva. Constata, por un lado, que la mayor parte de los métodos terapéuticos en raras ocasiones alcanzan los estratos más profundos del alma y, por otro, que las imágenes de Dios y las actitudes religiosas tradicionales, tal y como las transmite la Iglesia, carecen de respuesta ante los interrogantes que plantean determinadas experiencias vitales. No obstante, el misterio religioso en sí permanece intacto y se respeta como tal.

Sostiene el autor que, en contra de la libertad individual postulada por la filosofía occidental heredera de Descartes, el sujeto se experimenta como objeto de unas fuerzas que disponen de su yo, y a las que se ve expuesto. Según él, las Constelaciones Familiares muestran que nos hallamos englobados en contextos y órdenes mayores, que nos toman a su servicio independientemente de nuestros deseos o temores, y solo desde el conocimiento y el respeto de dichos órdenes pueden obtenerse resultados terapéuticos positivos.
