Imagine a future where people have returned to the Ways of Old and magic has returned along with it. A world where the Lights have gone Out and those who would survive must trust one's own self, god, or eccentric local master. A time when terrifying horrors and amazing experiences dwell at the very edge of consciousness in the New Dark Ages, a gripping reality that is far more possible than one might dare to believe. Join the travels of Oborren the hunter, Kolveig the Karlist, and Brymanah the amazon as they uncover the sinister nature of the Insolitus Novus. Follow the incredible journey into insight of Halfdan the Odinnic, as he faces the bizarre Cult of R'ti. See just how relevant this work of prospective mythology might be to the current world that you now find yourself in. *Night Skies Over Valhallow*: a novel about life, love, magic, and the way things might seem to be- where fantasy and philosophy meet the Shenandoah Valley. Will you?
