Absolute Essentials in the Upbringing of Children Monsignor John Hagan

First published in 1911, the sound advice given by Monsignor John Hagan never goes out of style. In this age where children are viewed by many as a burden, where parents are not encouraged in the tried-and-true ways of raising their children, this helpful work is succinct and satisfying, providing important instructions for Catholic parents on how to teach and guide their children so that they will continue in practicing their Catholic faith as adults, be prepared for their states in life, contribute as fully as possible (as Catholics) to society but, most importantly, to know, love, and serve God in this world in order to be happy with Him in the next. Includes much-needed advice in guiding teens and young adults, too!
