A Case for Amillennialism: Understanding the End Times Kim Riddlebarger

Amillennialism, dispensational premillennialism, historic premillennialism, postmillennialism, preterism. These are difficult words to pronounce and even harder concepts to understand. *A Case for Amillennialism* is an accessible look at the crucial theological question of the millennium in the context of contemporary evangelicalism.

Recognizing that eschatology--the study of future things--is a complicated and controversial subject, Kim Riddlebarger provides definitions of key terms and a helpful overview of various viewpoints. He examines related biblical topics as a backdrop to understanding the subject and discusses important passages of Scripture that bear upon the millennial question.

Regardless of their stance, readers will find helpful insight as Riddlebarger evaluates the main problems facing each of the major millennial positions and cautions readers to be aware of the spiraling consequences of each view.
